Claiming Medical Footcare

Did You Know?:

Medical footcare services are often covered by many insurance companies, which can be a relief for many clients. Wondering how to make a claim? It's quite simple!

Whether you prefer online submissions or filling out forms, here's what your insurance provider might ask for to ensure coverage for your medical footcare:

1. Service Provider: Look for the name "SK Foot Care Collective" or "Lisa Fletcher or Jennifer Coates" on your receipts.
2. Type of Service: Most insurance companies require details about the service provided. For medical footcare, it's typically categorized under Nursing Services.
3. License Number: You might need to provide a license number. Lisa Fletcher is licensed with CLPNS (College of Licensed Practical Nurses of Saskatchewan), Jennifer Coates is licensed with SUN (Saskatchewan Union of Nurses) and their number is always listed at the top of your receipt.
4. Address and Contact Information: Ours is *1B 701 Centennial Drive North, Martensville, SK S0K 2A0*. For contact, you can reach us at Lisa 306-281-9141 or Jennifer 306-261-9445.
5. And here's a bonus tip: Even if you don't have additional health insurance coverage, you may still be able to use your foot care receipt for medical expenses when filing your taxes. Every bit helps!

If you have any questions or need further assistance with your insurance claim, don't hesitate to reach out. I'm here to help make the process as smooth as possible for you!
